Apeluri FP7 & CIP (2007-2013)

Horizon 2020 is the new EU funding programme for research and innovation running from 2014 to 2020 with a budget of €80 billion. The first Horizon 2020 calls were published in 2014. Its simplified rules and submission and grant management tools should facilitate participants' tasks. For practical guidance, see the [H2020 online manual](#).

H2020 supports **SMEs** with a new **instrument** that runs throughout various funded research and innovation fields, so it should be easy for SMEs to find opportunities in many calls.

H2020 also aims to enhance EU **international research cooperation** so there are more opportunities for Third Country participation.

Having built H2020 around the main societal challenges like an ageing population, food security, energy efficiency, the EU attaches high importance to embed **socio-economic sciences and humanities** into the work

CONSUMER PROGRAMME

The **Multiannual Consumer Programme 2014-2020** has a planned budget of 188 million EUR. It will support actions that ensure a high level of consumer protection, that empower consumers and that place the consumer at the heart of the internal market.

How to participate

H2020 ONLINE MANUAL

The first steps to prepare your proposal and apply for EU research funding. Learn how to find a suitable Call for proposals or project partners and how to submit your proposal.

The following guidance services facilitate your participation:

- **H2020 Online Manual:** step-by-step online guide through the Portal processes from proposal preparation and submission to reporting on your on-going project
- **Reference documents:** library of legal documents, guidance notes, and additional reference material for H2020 and FP7
- search for already registered organisations and their **PICs**
- **Financial viability self-check tool** allows you simulating the financial viability check of your organisation
- **SME participation:** dedicated H2020 guidance page for SME

Step 1 - Find a suitable Call for Proposals H2020 ONLINE MANUAL

The Commission publishes on the Participant Portal all the Calls of its research and innovation programmes H2020, and you can search calls from previous programmes (FP7 and CIP). In addition you can find information about some additional calls in the Other Funding Opportunities section. If you apply for the first time and do not know yet the programmes, it is useful to read the H2020 Online Manual. It helps you choose the most suitable programme for your area and profile. Besides, you can search according to your research topic with key words and set filters in the calls list.

Your National Contact Point can also help you find the most suitable call for your profile. SMEs are in addition supported by the Enterprise Europe Network.

SME Instrument

The SME instrument has been designed specifically for **single or groups of highly innovative SMEs** with international ambitions, determined to turn strong, innovative business ideas into winners on the market. The instrument provides **full-cycle business innovation support** from the stage of business idea conception and planning (phase I) over business plan execution and demonstration (phase II) to commercialisation (phase III). Participants will be able to call on business innovation coaching for the duration of their project.

- **Phase I (proof-of-concept):** Explore the scientific or technical feasibility and commercial potential of your new idea in order to develop an innovation project, with the help of a € 50,000 grant, and receive more support in case of a positive outcome!
- **Phase II (development & demonstration):** Develop your sound, ground-breaking business idea further with the help of a grant in the order of € 500,000 to 2,5 million into a market-ready product, service or process!
- **Phase III (go-to-market):** Take advantage of additional EU support to enter the market successfully (no grants).

For more information about the SME instrument, please see the [H2020 Online Manual](#) and [related FAQ](#).

Horizon 2020 Helpdesk

If you have questions about any aspect of European research in general and the EU Research Framework Programmes in particular, send them to [Horizon 2020 Helpdesk](#). You need to use a contact form on their page selecting the most relevant subject area of your question. It assures that the competent person receives directly your question in Horizon 2020 Helpdesk (previously called Research Enquiry Service) and can deal with it quickly.

The service is provided by the Europe Direct Contact Centre.

Any IT-related problems that you have on the Participant Portal must be addressed to the [IT Helpdesk](#).

Disclaimer: As regards enquiries related to the **submission of proposals**, the Horizon 2020 Helpdesk cannot guarantee to provide an answer in time shortly before a call deadline. Please submit your enquiries **at least 2 weeks before** the deadlines. Again please do not send any IT related questions to Horizon 2020 Helpdesk.

For more information on the European research activities and policy, see [RESEARCH ON EUROPA](#)

National Contact Points

Network of National Contact Points (NCPs)

The network of National Contact Points (NCPs) is the main structure to provide guidance, practical information and assistance on all aspects of participation in Horizon 2020.

What is the NCP network?

NCPs are national structures established and financed by governments of the 28 EU member states and the states associated to the framework programme. NCPs give personalised support on the spot and in applicants' own languages. The NCP systems can vary from one country to another from highly centralised to decentralised networks, and a number of very different actors, from ministries to universities, research centres and special agencies to private consulting companies.

NCPs are also established in many non-EU and non-associated countries ("third countries").

NCP Services

As the NCPs are national structures, the type and level of services offered may differ from country to country. In general, the following basic services are available in accordance with the [NCP Guiding Principles](#) agreed by all countries:

- Guidance on choosing relevant H2020 topics and types of action
- Advice on administrative procedures and contractual issues
- Training and assistance on proposal writing
- Distribution of documentation (forms, guidelines, manuals etc.)
- Assistance in partner search

Search for your NCP

Find the contact details of your national H2020 National Contact Point or those of your potential partner's country. You can search for NCPs in Member States, Associated Countries and third countries. You can also search for NCPs by thematic areas or functions; for instance, you can look for an NCP who is specialised in Marie Curie actions. Hover over the NCP functions to view the explanation of their specific responsibilities.

The third country NCPs listed below were nominated in the context of the Seventh Framework Programme. This list will be progressively updated for Horizon 2020, as necessary.

Access rights

Rights to use results or background under the terms and conditions laid down in accordance with the Horizon 2020 Rules for Participation (Regulation XX/XXX)

Access to risk finance

Access to risk finance shall aim to overcome deficits in the availability of debt and equity finance for R&D and innovation-driven companies and projects at all stages of development. Together with the equity instrument of the Programme for the Competitiveness of Enterprises and SMEs, it shall support the development of European Union-level venture capital.

Affiliated entity

Any legal entity that is under the direct or indirect control of a participant, or under the same direct or indirect control as the participant, or is directly or indirectly controlling a participant. Control may take any of the forms set out in Article 7 of Horizon 2020 Rules for Participation (Regulation XX/XXX).

[Force majeure](#)

Associated country

A third country which is party to an international agreement with the European Union, as identified in Article 7 of Regulation No XX/XX [Horizon 2020].

[International European interest organisation](#)

Background

Any data, know-how and/or information whatever their form or nature, tangible or intangible, including any rights such as intellectual property rights which are (i) held by participants prior to their accession to the action (ii) identified by the participants in accordance with Article 42 of Horizon 2020 Rules for Participation (Regulation XX/XXX) and (iii) needed for carrying out the action or for exploiting the results of the action.

TERMS AND CONDITIONS OF USE OF THE ELECTRONIC EXCHANGE SYSTEM

1. SUBJECT MATTER AND SCOPE

1.1. The European Commission provides the electronic exchange system (EES) in the 'My Area' section of the [Participant Portal](#) for:

- **applicants, beneficiaries, candidates and winners managing EU grants and prizes** in EU funding programmes;
- **external experts**, in the context of EU funding programmes.

It allows beneficiaries to:

- register in the '[Beneficiary Register](#)' and view and edit their data;
- create, revise and submit proposals;
- prepare grants, sign grant agreements and submit deliverables, reports and payment requests during the implementation of their action.

It allows experts to create or update their profile, manage their expert contract and submit supporting documents and payment requests.

1.2. These Terms and Conditions govern the relation between:

- the European Commission and its Executive Agencies and funding bodies using the EES (collectively 'the European Commission'); and
- beneficiaries, experts and users

in relation to their access to and use of the EES.

For the avoidance of doubt, the award of grants, prizes and expert contracts shall not be governed by these Terms and Conditions.

Va multumesc!
