

Partnering offer

Date (02-12-14)

- (*) **Description of the expertise offered (up to 1000 characters)**

PYME specialised in socio-ecological knowledge brokerage and natural resources management. We have expertise in areas related planning and water resources management, adaption climate change, risk assessment, water-energy nexus, policy evaluation and management, sociotechnical systems and socio-ecological transitions, ecosystem services, GIS & remote sensing, e-government or transparency. Our background joins environmental sciences and geography, and we feel comfortable at combining qualitative (human geography) and quantitative issues to address socio-ecological problems. The involved personnel have a broad experience in data processing, modeling, information assessment and interpretation of results. In addition, the team has coordinated and organized numerous international workshops, seminars and roundtables. The team has collaborated in and provided technical support to FP7, H2020 and LIFE in different proposals.

- **Keywords describing the expertise offered (up to 10 words)**

Water management, socio-ecological system, risk assessment, land planning, Sustainable development, climate change, water-energy nexus, research, GIS

- (*) **Relevant topic in work programme**

WATER-1-b; WATER-2-b; WATER-4-b; SC-17-2015

- **Former participation in FP or other international cooperation projects**

- **EDUCEN** (European Disasters in Urban centres: a Culture Expert Network (3C – Cities, Cultures, Catastrophes). Proposal presented within of *DRS-21-2014; H2020 Work Programme 2014 – 2015: 14. Secure societies – Protecting freedom and security of Europe and its citizens*. Coordinated by Wageningen University.
- **FRACKPRINT** (Socioecological footprint of Shale Gas Adoption). Proposal presented within of *LCE-16-2014; H2020 Work Programme 2014 – 2015: 10. Secure, clean and efficient energy*. Coordinated by Universidad Complutense de Madrid.
- **TAJO NATURE** (Renaturation of three pilot areas in the Tajo River Basin). Proposal presented within of *LIFE 2013, Environment Policy and Governance project application*.
- **AD-OPTIONS** (Climate adaptation options for cities through integrated approaches for intercity social learning and ecosystem based adaptation). Proposal presented within of *ENV.2012.6.1-3; FP7-ENV-2012-TWO-STAGE*. Coordinated by Universidad Complutense de Madrid.
- **OpEcoS** (Operationalising Ecosystem Services in Intermediate cities and their regions). Proposal presented within of *ENV.2012.6.2-1; FP7-ENV-2012-TWO-STAGE*. Coordinated by University of Bradford
- **COBAMANCHA** (Community Based management of Environmental challenges). Proposal presented within of *ENV.2011.4.2.3-1. FP7-ENV-2011*. Coordinated by Universidad Complutense de Madrid.
